

New Zealand manufacturer s 6-core optical cable junction box

Overview

FAT6 core fiber access termination box is able to hold up to 6 subscribers. Oplinx New Zealand Limited specialises in supplying high quality fibre optic cabling products into the data and telecommunication market. Oplinx NZ has been established as a competitive contender to lead the optical market with strategic innovation and customer focussed pro-activity. It integrates fiber splicing, splitting, distribution, storage and cable connection in one solid protection box. The Connector TE is a stainless steel termination enclosure with a screw on lid ideal for applications where a smaller enclosure is required for installing terminations or push buttons.
