

Nordic Emergency Lighting Distribution Box Manufacturer

Overview

Our goal is to offer high quality emergency equipment that you can trust when it matters the most. Reliable emergency lighting solutions including LED headlamps, flashlights, and. Teknoware manufactures lighting and interior solutions for trains, buses and trams for the world's leading vehicle and rolling stock manufacturers, as well as emergency lighting solutions for buildings and ships around the world. Lux Box's experience encompasses product design, development and manufacture of emergency lighting components and kits since 1973. All our circuit boards, microelectronics and circuit assembly is done in our own fully automated Swiss facility, guaranteeing precision and continuity of quality. The Installation & Lighting business area contains a number of companies with products and solutions primarily for electrical contractors, network installers and construction companies.
