Uni-tube Non-metallic Armored Optical Cable (GYAXZY) Optical fibres are housed in a loose tube that is made of high-modulus plastic and filled with tube fulling compound. The tube is armored with a layer

[Contact Us](#)

Global Non-metallic Optical Cable Supply, Demand and Key

Non-metallic optical cable is an optical cable used for optical signal transmission. Its main feature is that it uses non-metallic materials to make the outer sheath and internal structure.
