

Norwegian Fiber Optic Terminal Box 6 cores

Overview

The 6-core optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal. We can manufacture and supply a wide range of fiber termination boxes with 20+ years of experience. 6 Cores Fiber Distribution Box FDB-106B IP-55 SC Connector PLC Splitter Fiber Distribution box (FDB), known as optical Distribution box (ODB) as well, is a compact fiber management product of small size. Support termination, splicing, splitting, distribution and storage for fiber optic cable systems ABS or PC material used ensures the body strong and light.
