

Optical Modules Compatible with H3C Switches

Overview

For information about transceiver modules and cables available for the cards, see H3C S7500X-G Switch Series Cards and Transceiver Modules Compatibility Matrixes. To verify compatibility of a card with the host and software version you are using, see the card manuals. The 25G/100G network with Leaf-Spine Architecture consists of ConnectX-5 NICs, NADDOD optical links, and NADDOD switches. It enables reliable 1Gbps optical connections between switches, servers, and other networking devices, making it suitable for switch-to-switch interconnects, access layer. Fiber Optic Receivers Model: SFP-GE-LX-SM1310 Interface type: LC Transmission distance: Gigabit single-mode dual fiber 5km, Gigabit single-mode dual fiber 10km, Gigabit single-mode dual fiber 20km, Gigabit single-mode dual fiber 40km 1310nm, Gigabit single-mode dual fiber 40km 1550nm, Gigabit.
