

Optical Splitter G1610

Optical Splitter G1610

1x3 SPDIF Optical Splitter with Digital Audio , JTD-SP0103

Split optical audio to 3 devices with this 1x3 SPDIF optical splitter. Supports Dolby Digital & DTS 5.1, with over-voltage protection for safety.

Optical Splitter

Optical Splitter The Optical Splitters may be used in applications that require the STM-1 (SDH) optical signal input to be simultaneously connected to an active link, while at the same time connecting it to

SPL2605 Compact Optical Splitter Datasheet 02

SPL2605 is a compact optical splitter datasheet by Huawei, providing technical specifications and features for efficient fiber optic network solutions.

Optical Splitters

Optical splitters are based on planar light wave circuit technology and high precision alignment. MXN splitters can split or combine light from one or two fibers into N outgoing fibers uniformly over a wide
