

Pakistan High and Low Voltage Distribution Box Manufacturing Plant

Component Diagram

Key dimensions

Overview

Situated in Islamabad, our 18,000-square-foot facility specializes in Low Voltage and Medium Voltage Switchgear. We combine profound expertise with ISO 9001:2015 quality management, rigorous internal audits, and comprehensive employee training to ensure state-of-the-art. TRI TECH (PVT) LIMITED from its initiation tends to be best performer of manufacturing of low voltage switchgear (for all kind of industrial, commercial and domestic applications), Electrification & Instrumentation of Industries and plants. MAK Group is a distinguished engineering organization specializing in the comprehensive spectrum of electrical switchgear manufacturing, renewable energy solutions, designing, contracting, and commissioning across a wide array of electrical projects. Our panels are designed to ensure safe, efficient, and reliable power distribution for residential, commercial, and industrial applications.

Pakistan High and Low Voltage Distribution Box Manufacturing Plan

Leading Low Voltage Switchgear Company

We supplied low voltage switchgear all over Pakistan in several projects for applications diverse, as Banks, Utilities, School, Hospitals, private Industries,
