BXM (D) Explosion proof electrical ap

Feature of product The shell is made of aluminum alloy die-casting with high-voltage electrostatic spraying on the surface, which is corrosion-resistant and anti-aging; This series of products are of

Junction Box Aluminium (Ex d) EJB-A

EJB A series Ex d enclosures are normally used in the chemical and petrochemical plants, offshore platforms, refineries and any other industry where hazardous

[Contact Us](#)

Explosion-proof Junction Box , KNTECH

Explosion-proof power distribution device KNBXM is made of aluminum alloy shell with 4*M20 holes. We can manufacture explosion-proof boxes according to user requirements, and our explosion-proof

Hazardous Areas

Types of IP66 Explosion-Proof Distribution Box
The distribution panel is constructed of an aluminum alloy matrix with a melting point above 660 °C. We have several constructive types of IP66 explosion

[Contact Us](#)

Explosion-proof illumination (power) distribution box (power)

The product structure mainly consists of cover, housing, explosion-proof latch, built-in circuit breaker or explosion-proof circuit breaker, and terminal blocks.
