

Pingyin Low-Voltage Distribution Box

Overview

Introducing our Distribution Box without Internal Barrier, a high-performance low-voltage solution designed for versatile applications. With a rated voltage of 380V/220V and a current range of 250A to 6A, this distribution box adheres to the GB/T 7251. Leading distributors often offer next-day shipping for top stock items, but custom. Is a professional electrical company focusing on power transformers, medium and low voltage complete sets of distribution equipment manufacturing and sales at home and abroad, the products have been exported to more than 50 countries and regions, tell us about your project!The low-voltage distribution box supports surface-mounted/flush-mounted installation, offering high safety performance. It integrates functions such as overload protection, short-circuit protection, leakage protection, metering, and intelligent control.

Pingyin Low-Voltage Distribution Box

Wholesale China low voltage distribution box Factory, Manufacturers

At Hangbian Electric Power Technology Co., Ltd., we provide high-quality low voltage distribution boxes, serving wholesalers, factories, and suppliers with reliable solutions
