

PoE switch with 24 gigabit ports and 10 gigabit optical ports

Overview

Equipped with 24 auto-sensing 10/100/1000 Mbps RJ45 Gigabit Ethernet ports, it offers plenty of performance for your computers, servers and other networking devices. 3at compliant devices attached to the switch require no additional power, thus eliminating the time and expense of electrical rewiring and minimizing the unsightly clutter caused by power supplies and adapters in awkward places such.
