

Polish 36-core fiber optic distribution box

Overview

This 36 Cores Fiber Optic Distribution Metal Box with internal structural parts, optical fiber connector, optical splitter (optional) and accessories, can be installed in wall, pole and other positions. Premium-Line FTTH distribution box is aim designed for multi-purpose applications in FTTH projects, the dual layer design supports direct termination, and also FTTH distributions via mini splitter built in, available for from 1:2 to 2:32 distributions with Premium-Line FTTH distribution cable. It extends R&M FTTH solutions in the customer connection segment and its area of application ranges from single-family homes to building complexes.

Polish 36-core fiber optic distribution box

32 Port Fiber Distribution Box, 72 Cores Splicing -

The 32 port fiber splitter distribution box comes in three internal structure options, they all can achieve direct and branch connection of optical cable.
