

Price of outdoor fiber optic cable installation in conduit

Overview

Prices vary based on the length of cable needed, installation method (aerial or underground), and labor rates in your area. Expect to pay \$1 to \$12 per linear foot, depending on project complexity and materials. Single-mode fiber costs less per foot than multimode fiber, but it requires more. Buying fiber optic installation services involves several cost components, with total price influenced by length, location, and access.
