

Quick Converter Junction Box

Overview

These junction boxes provide a rugged solution with an IP67 rating or greater, making them ideal for both indoor and outdoor applications. Products are available with M12, M8, 7/8", or ½-20UNF connectors. Up to 16 I/O signals can be consolidated over a single home-run connection on the box. Quickly, Simply Connect Multiple Analog Load Cells to a Weighing Indicator The junction box enables the quick and safe integration of multiple analog load cells into any machine for weighing.

Quick Converter Junction Box

Junction Box Adapter

The Junction Box Adapter installs easily onto existing (3rd party) junction boxes to enable the use of all Q-Series FicientLock products. Once the adapter is installed,
