

Relay Protection Connection Box New Model 2025

Relay Protection Connection Box New Model 2025

Protection and control REX610

REX610 is a member of the renowned Relion® protection and control family of relays, building on ABB's strong heritage of freely configurable multifunctional relays and many proven protection algorithms.

RB24 Relay Box Installation Guide

A Relay Box allows independent control (open/close switching) of low voltage actuators connected to it. A Relay Box does not supply power; it receives power from an external, low voltage power supply.
