

Silver-coated optical cable

Silver-coated optical cable

SVS SoundPath Digital Optical Cable

The SVS SoundPath Digital Optical Cable is a high-end audio cable in every way but price. Compatible with standard and high-definition devices with an optical or

Fiber Cables - coated, tight buffered, fiber-optic cables, termination

OFC cables are conductive (C) fiber cables, i.e., cables containing metals in strengthening structures (which are not used for electrical connections). In contrast, OFN cables are non-conductive and

Exotic Materials and Cable Construction

Discusses the use of silver, oxygen-free copper, and Teflon in audio and video cable design, and addresses whether these materials offer any advantage over conventional copper and polyethylene
