

Overview

The GF-KSW-24A fiber optical distribution box is designed for both indoor and outdoor use, facilitating fast deployment and easy customer connection. It supports splicing and patching capabilities with high connector density, providing flexible solutions for various access network. South Sudan has announced a 2,400 kilometre national fibre optic network that would connect the landlocked country to the Indian Ocean through Kenya, with construction targeted to begin in December. The plan, revealed by Telecommunications Undersecretary Thomas Gatkuoth at a digital governance. On Friday, the fibre optic implementation committee, chaired by Deputy Minister of ICT & Postal Services, David Yau Yau, approved a budget of over \$9 million US Dollars. South Sudan plans to establish a new fiber optic link from Ethiopia to enhance internet access across the country, Information, Communication Technology, and Postal Services Minister Michael Makuei Lueth announced Tuesday.
