

# **Standard Dimensions of Secondary Distribution Box Guardrail**

## Overview

---

End terminals are essential for energy absorption and safe termination of the guardrail system. See Special Contract Requirements when the alternate hole arrangement is specified. REFLECTOR BUTTON COLOR: MATCH EDGE LINE STRIPE COLOR OUTSIDE SHOULDERS - CRYSTAL (WHITE) MEDIAN SHOULDERS steel. Place a reflective tab on every fourth post for standard runs of box beam & 2 tabs (one each direction) for box beam median barrier. Beam-type guard rail products are supplied with all component parts and materials to complete the highway road barrier works in accordance.
