

# Switch Brand Industry

## Overview

---

Cisco Switches provide Campus LAN Switches, Industrial Ethernet Switches and other series for networks of all types and sizes, including branch, service providers, SMB, etc. Finding the best network switch means choosing one that keeps your business fast, secure, and ready to grow. BTicino, a division of Legrand Group, is a top global manufacturer of low-voltage electrical equipment for residential, commercial, and industrial use. It usually comes in the form of a box with several Ethernet or fiber optic ports. They connect devices in a network and use packet switching to send, receive or forward data packets or data frames over the network. In January 2022, Cisco Systems (US) announced its Cisco Catalyst 9000 portfolio, based on the powerful Unified Access Data Plane (UADP) ASIC silicon, to bring more enterprise-grade switching capabilities to the industrial edge for industries operating in harsh environments and supporting critical.
