

# Trailed Optical Cable

## Overview

---

Trailing cables feature flexible cores and specially designed jackets that allow them to bend and twist without compromising their integrity. Ideal for telecommunications, data centres and networking applications, our fibre optic cables are available in single-mode and multimode configurations. Material handling involves many different facets such as automated guided vehicles, storage and retrieval systems, conveyor systems as well as palletizing and sorting. Offered dry or gel-filled in plenum, riser with outside plant (OSP) and indoor/outdoor LSZH ratings - ideal for enterprise or industrial applications. Fiber Optic Cable, Outdoor Micro Cable for Air-blown installation, Central Tube All-Dielectric Fiber Optic Cable, Outdoor Micro Cable for Air-blown installation, Stranded Loose Tube All-Dielectric Fiber Optic Cable, Indoor/outdoor Low Smoke Zero Halogen, Central Tube Armored Fiber Optic Cable.
