

Tuvalu Cable Bridge

Overview

The Tuvalu Vaka Cable is the first international telecommunications cable connecting Tuvalu, being a branch linking Funafuti, the capital of Tuvalu, with the trunk of the Bulikula cable system, part of Google's Pacific Connect initiative. Tuvalu Telecommunications Corporation (TTC) announced the successful landing of the nation's first submarine cable, the Tuvalu VAKA Cable, marking a monumental leap forward for connectivity and digital inclusion for Tuvalu. The cable will deliver more reliable and affordable internet across Tuvalu, improving digital access and inclusion. The Tuvalu Vaka Cable is jointly funded by the Australian, Taiwan, United States, Japan, and New Zealand governments.
