

Two-core drop fiber optic cable

Overview

A ****2 core drop cable**** is a type of fiber optic cable that contains two optical fibers housed within a single protective sheath. This Outdoor Single mode FTTH Drop Fiber Optic Cable provides a proper connection for FTTH networks, the operation is simple; the use is more convenient, greatly improving the working efficiency. In the event your product doesn't work as expected or you need help using it, Amazon offers free product support options such as live phone/chat with an Amazon associate, manufacturer contact information, step-by-step troubleshooting guides, and help videos. It is primarily used in Fiber to the Home (FTTH) and Fiber to the Building (FTTB) deployments, where it serves as the final link between the distribution point and the.
