

UAE Industrial Switches Energy Efficiency RoHS Compliance

Overview

Companies that have risk assessment documentation and can show full compliance with UAE RoHS requirements can apply to receive a certificate by ESMA that is valid for three years. As a Notified Body for the United Arab Emirates (UAE) Restriction of Hazardous Substances (RoHS) regulation, Intertek can help you comply with its complex. ESMA as the National Standards Body (NSB) is the SOLE AUTHORITY for Quality, Metrology and Standards and the National Certification Body of the UAE. Modeled after European Union (EU) RoHS, the Regulation came into force with preliminary.
