

# Unshielded 24-port network patch panel

## Overview

---

The 24-port blank patch panel fits on racks or cabinets with 19-inch mounting widths, perfect for high-density and easy patching solutions in data centres. Customizable solution for a variety of applications, including Ethernet, voice, audio/video and USB. Streamline your network efficiency with trueCABLE's premium 1U rack-mountable unshielded Ethernet patch panels. Designed to support 12/24 standard or high-density keystone inserts, these tool-less panels provide superior cable organization and network performance.
