

Upgraded version of FDDI connectors from Egypt directly supplied by the manufacturer

Upgraded version of FDDI connectors from Egypt directly supplied by

FDDI connector

High quality fibre optic network components from Tech Optics - fibre adaptors, attenuators, connectors (harsh environment and standard) and more.

[Contact Us](#)

FDDI Optical Fiber Connector

FDDI (Fiber Distributed Data Interface) connector is a duplex optical fiber connector using two 2.5mm ferrules and has a fixed housing over the ferrules to protect the ferrules from damage.

An overview of FDDI: the fiber distributed data interface: IEEE Journal

Updating earlier efforts in previously published work, the author presents an overview of fiber distributed data interface (FDDI) technology and explores the basis for its success. Particular emphasis is

SK-NET FDDI

CHAPTER 1. GENERAL INFORMATION The SK-NET FDDI adapters attach computers to 100 Mbps Fiber Distributed Data Interface (FDDI) networks using fiber-optic cable, S/UTP or UTP (category 5)

Fiber Distributed Data Interface (FDDI)

FDDI is frequently used as high-speed backbone technology because of its support for high bandwidth and greater distances than copper. It should be noted that relatively recently, a related copper
