

# Using a router for 200m fiber optic cable

## Overview

---

To set up your router for fiber internet quickly, connect the router to your fiber modem, access the router's settings via a web browser, and input the provided ISP credentials. Are you a Network Operator or ISP?

We provide bulk fiber patch cords, ONTs, and pre-terminated cables for large-scale FTTH deployments. In this guide, we'll explain router compatibility, setup steps and whether upgrading your router is necessary to maximize fiber speeds. Learning how to connect fiber optic cable to a router can be a bit of a process but with the right tools and materials, it can be a seamless process.
