

Vietnam DAC High-Speed Cable 200G

Overview

VCHUNG's 200G DAC is a high – performance, cost – effective solution for short – reach, high – speed data transmission. Siemon's 200G High Speed Cable Assemblies are offered in DACs (Direct Attach Copper Cables), ACCs (Active Copper Cables), AEC (Active Electrical Cables), and AOCs (Active Optical Cables). Cable Types are available in the following configurations: QSFP56 (50G/Lane PAM4) Straight-throughs and. It supports 200Gbps data rates using four lanes of 50G PAM4 modulation, with transmission distances up to 7 meters. QSFPTEK 200G Passive DAC portfolio includes QSFP56 and QSFP-DD direct attach cables, along with a wide range of breakout options such as 2×100G, 4×50G, and 8×25G configurations.

Vietnam DAC High-Speed Cable 200G

200G QSFP56 DAC Passive Direct Attach Copper Cable

TARLUZ 200G QSFP56 DAC is a cost-effective high-speed cable alternative to 200G Ethernet applications. This 200G QSFP56 direct attach cable contains 4 high
