Discover aluminum alloy cable trays with corrosion resistance & CE certification. Ideal for industrial cable management and network infrastructure.

What are the standard requirements, commonly used specifications

The cable tray made of aluminum alloy needs to comply with many standards and specifications, and there are many commonly used specifications, such as 50*50mm, 100*50mm, 100*100mm and so

[Contact Us](#)

Aluminum alloy cable trays have high corrosion resistance. They are suitable for power plant, chemical plant, petrochemical and other fields, especially suitable for the high corrosion
