

West African Apodiform Fiber Grating

Overview

Class 1 flame-spread rated and UV resistant for long-term outdoor use Slip-resistant grating ideal for elevated walkways, industrial stairs, and rooftop access systems. Fibreglass (FRP/GRP) grating offers superior performance in industrial applications compared to traditional materials like steel or aluminium. Ideal for harsh environments including chemical plants, mining operations, and coastal areas. Since 1939 Angus McLeod and Vital Engineering have established a reputation for quality and service in the manufacture of all types of gratings, stair treads, pressed floors, safety handrails and solid forged stanchions. In colours of your choice, our FRP (Fibreglass Reinforced Plastic) grating comes in a number of different sizes, thickness, mesh.
