

What is Huawei s latest AI server

Overview

The Huawei CloudMatrix 384 is a high-density AI computing system featuring 384 Huawei Ascend 910C chips, designed to rival Nvidia's GB200 NVL72 (more below). The AI system employs a "supernode" architecture with high-speed internal chip interconnects. Saturday when it revealed its most powerful artificial intelligence server system to date. Now, at the Huawei Connect 2025, the firm has announced new iterations of its 'SuperPoD' AI clusters.
