

What type of industry is optical fiber cable

Overview

The telecommunication industry dominated the fiber optic cable market and accounted for 29. The increasing adoption of 5G connectivity is fuelling the demand for fibre optic cables in telecommunication sector. The growth of market is attributed to factors such as proliferation of data centres and increasing deployment of 5G network. The Fiber Optic Cable Market Report is Segmented by Cable Type (Armored Cable, Non-Armored Cable, and More), Fiber Mode (Single-Mode Fiber, Multi-Mode Fiber, and More), Installation Type (Aerial/Overhead, Underground/Buried, and More), End-User Industry (Telecommunication, Power Utilities and Smart.
