

Where are low-voltage cable trays manufactured

Overview

ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia. This comprehensive list of top 10 online B2B marketplaces and manufacturers will lead you to find your perfect cable trays based on your business requirements. The systems designs benefit from being produced on a flexible combined CAD / CAM / CNC manufacturing cells, all supported by the well established Aitken sales organisation and. All cable trays that were originally made from these materials do have high improvements, designed with 100% flexibility.

Where are low-voltage cable trays manufactured

Cable tray, Wireway

Developed in partnership with the company OBO Bettermann the illuminated cable tray is a unique integrated and multi-functional solution (high/low voltage cable)
