

Which company offers Cuban fire-fighting cable trays

Overview

JetBlack® supplies customised passive fire protection solutions for the petrochemical and offshore industries. 7 products are successfully used to protect cables in high-rise buildings, industrial buildings, and offshore facilities as well as in sensitive areas, such as hospitals, airports, production. Which is why we attach great importance to the continuous search for installation-friendly solutions capable of guaranteeing the functioning of vital electrical wiring including fire alarm systems, emergency lighting and other. Engineered for continuous monitoring and early warning, our cable-based detection system is ideal for protecting cable trays—whether single-tier, multi-tier, or densely packed. Meka Pro's manufacturer assurance is based on tests that are carried out, not just on simulation.

Which company offers Cuban fire-fighting cable trays

Fire-Resistant Cable Support Systems

Meka Pro's more than 1200 fire-tested standard products enable always excellent, cost-effective and fire-resistant installation. Guarantee, that electricity supply will
