Specification Gallery F& Q Application XGN15-12 Box-type Fixed AC Metal-enclosed switchgear (hereinafter referred to as "switching equipment") for the rated voltage of 12KV, rated current 630A

XGN15-12 AC metal enclosed switchgear

The busbar room is located on top of the cabinet and connects the adjacent switch cabinets. The load switch is a self-contained unit filled with SF6 gas. Approximately 75% of the space is used for cable
