

Yemen 288 Fiber Optic Cable Junction Box

Overview

SC-D288-02 is one of the main splicing equipment for 288 user access points, applied as optic fiber dome closure for protective connection and distribution between two or more cables. It features one oval inlet and 16 round ports, allowing flexible cable entry, branching, and network. buy Fiber Optic Splice Closures, Enclosure, Junction Boxes 12, 24, 48, 96, 144, 240, 288 cores. The fiber splicing, splitting, distribution can be done in this box, and meanwhile it provides solid protection and management for the FTTX network building.

Yemen 288 Fiber Optic Cable Junction Box

IP68 High Quality FTTH 288 Cores Dome Type Fiber Optic Splice

Application: This Fiber Optic IP68 Splice Closure is a fiber optical distribution box that provides a cost-effective secure solution for the feeder cable to connect with out door drop cable in FTTx
